CE

PROJECTS

IM LIMITLESS
IM LIMITLESS, LLC

- Ideated, planned, and developed a goal tracking mobile app
- Created an app that can be used to track goals and reward users for completing them
- Had no prior experience with mobile development and learned React Native while building the app

Make Cool Beats
makecoolbeats.com

- Built a free, mobile-first drum pad that accurately represents what professional music producers use
- Designed a sleek, interactive UI that is perfect for mobile use
- Created the website with the goal of bringing the fun of beat-making to the masses

Veterinary Care Specialty Group
vcsgvets.com

- Worked closely with a client to completely redesign and optimize their website
- Created branded content using Photoshop
- Implemented SEO keywords and metadata
- Rolled custom design solutions using HTML and CSS

Evolution Chiropractic
evolutionchiro.com

- Used client-provided content to execute a redesign project
- Created a minimal and modern site with strong branding
- Built a fully responsive design using pre-built CMS components and media queries
